Subject: Eatough Proposal

Please be advised that the proposal, copy of which is enclosed, has been agreed upon by the N.E.T.S. Group who wish to fund it. In view of the fact that the Center for Indoor Air Research (CIAR) has not yet been officially formed, this proposal needs immediate attention.

Don Hoel, Shook Hardy & Bacon, will poll all members of the Committee of Counsel regarding support for the proposal. We completely endorse this proposal and recommend funding as soon as possible.

In addition, I am also enclosing a copy of the latest updated budget for the Center.

If I can be of any assistance, please let me know.
